History: This message has been replied to.

Hi Chheang: please see the email below from Catherine Lucas in HQ. . . . she will be reprogramming funds to R10 and need questions (I highlighted her questions in RED below) answered.

In order for me to use this funding (\$15,000) on a RCRA Project at Hanford with Jack Boller as the TOCOR, Dave Bartus as the Technical Expert, and Alan/me as the PO. Please cc Alan and me on your reply to Catherine. Thanks

Subject: Reprogramming funds to Region 10

Hi Amberet, I'm the funds officer for FFEO and I understand through Melanie Garvey of my office and Matthew Vojik of Region 10 that FFEO is to reprogram funds to R10 for a RCRA project at Hanford. Once our office has a OpPlan I will reprogram funds (\$9,000 of Superfund and \$6,000 of Compliance Monitoring).

Can you please let me know Region 10's account code, AH and BOC (I'm assuming 37/contracts) where you want the funds placed.

Thanks  
Cathy
